

Abanoub Reda Gamil

AI & Machine Learning Engineer | Data Analyst | Full-Stack Developer

Mansoura, Dakahlia, Egypt • engineer.abanoub.reda@gmail.com • linkedin.com/in/abanoub-reda-gamil • github.com/engineerabanoubreda-dot

SUMMARY

Management Information Systems student at Misr Higher Institute for Commerce and Computers (MET) with a strong interest in data analysis, machine learning and artificial intelligence. Experienced through training (ITI, Google for Developers, NVIDIA DLI) and personal projects in building regression and classification models, data preprocessing, BI dashboards, Streamlit apps and Flutter apps. Seeking entry-level opportunities in data and AI.

EDUCATION

Bachelor's in Management Information Systems (MIS), Business Information Systems (BIS)

Misr Higher Institute for Commerce and Computers (MET), Mansoura | 2023 – 2027 (expected) | Third-year student

TRAINING & EXPERIENCE

Participant, Build with AI: Masr Edition

Google for Developers & ITI | Apr 2026 – May 2026

- Competitive Google Cloud and AI initiative supported by ITI; applied cloud tools and explored generative AI in structured workshops.

Data Analysis Intern, iCareer

Dec 2025 – Jan 2026

- Structured training in data cleaning, exploratory data analysis (EDA) and business intelligence reporting.
- Used Excel and Python to extract insights from datasets and present summary findings.

Data Analysis Track, Digital Egypt Pioneers Initiative (DEPI)

Jun 2026 – Dec 2026

Mobile Application Development (Flutter), Information Technology Institute (ITI)

Jul 2026 – Aug 2026

PROJECTS

Marine Vessel ETA Prediction

Python, Pandas, Scikit-learn

- Large-scale regression: cleaned 334,210 source rows to 42,607, engineered features, tuned a Random Forest ($R^2 \approx 0.9998$).

Airline Delay Prediction

Python, Pandas, Gradient Boosting

- 181,067 rows and 61 features; Gradient Boosting model with $R^2 \approx 0.895$.

E-Commerce Business Intelligence & Customer Analytics

SQL, Python, Power BI, Tableau

- End-to-end business analytics with SQL, Python, BI dashboards and KPIs.

Real Estate Price Prediction Web App (Project Lead)

Python, Scikit-learn, XGBoost, TensorFlow, Streamlit | May 2026

- 39,903 records, 21 features. Data cleaning, feature engineering, model comparison (XGBoost $R^2 \approx 0.713$, Random Forest $R^2 \approx 0.701$); deployed with Streamlit.

Supply Chain & Late Delivery Risk

Python, Pandas, ML, BI

- Analytics and prediction on 180,519 source rows; about 54.8% late deliveries identified.

Diabetes Prediction Model

Python, Scikit-learn, TensorFlow | May 2026

- Binary classification with ML classifiers and a TensorFlow deep neural network; evaluated with accuracy, precision, recall and ROC-AUC.

CodeSphere (Flutter App)

Flutter, Dart, Firebase, APIs

- Mobile app with responsive UI, API integration and Firebase data management.

CERTIFICATES & COURSES

- Data Fundamentals, IBM SkillsBuild (Credly), 2026
- Building LLM Applications with Prompt Engineering, NVIDIA DLI, 2026
- AI for All: From Basics to GenAI Practice, NVIDIA Academy, 2026
- AI and Machine Learning Training, Information Technology Institute (ITI), 2026
- Fundamentals of Digital Marketing, Google, Banque Misr & Digitera, 2025
- Python Programming Basics & Database Fundamentals, MaharaTech & ITI, 2025
- Professional Machine Learning for Data Scientists, ITI / MaharaTech / AI Academy
- Generative AI (Beginner), NVIDIA DLI / ITI
- Freelancing Training, ITIDA & eYouth

SKILLS

Programming: Python, SQL, Dart

Data & Analytics: Pandas, NumPy, Matplotlib, Seaborn, EDA, data cleaning, Power BI, Tableau, Excel, KPIs and dashboards

Machine Learning / AI: Scikit-learn, XGBoost, Random Forest, Gradient Boosting, TensorFlow, Keras, PyTorch, feature engineering, model evaluation, NLP, Generative AI, prompt engineering

Development: Flutter, Firebase, APIs, Streamlit, FastAPI, Git & GitHub, VS Code, Jupyter, Google Colab

Databases: SQL Server, SQL, joins and aggregation, relational database concepts

Soft skills: Problem solving, analytical thinking, communication, teamwork, adaptability, continuous learning

LANGUAGES

Arabic (native) • English (professional working proficiency)
